

Program Information

The Anoka Technical College Sterile Processing certificate is a 28-credit program that prepares graduates to work in medical facilities that prepare surgical instruments, supplies and equipment necessary for healthcare. This program includes a broad introduction to health sciences, as well as medical language, communication and computers. The program curriculum includes decontamination, preparation, packaging, sterilization, and sterile storage.

The Sterile Processing certificate is a prerequisite to the Surgical Technology Associate of Applied Science (AAS) degree. Please see Surgical Technology AAS for more information.

Program Learning Outcomes

By completing this program, students will achieve the following learning outcomes.

1. Prepared for entry-level employment in a sterile processing position.
2. Eligible to take the certification examination following 400 hours of professional employment.
3. Eligible to apply to the AAS Surgical Technology program
