Turf and Golf Course Management is a 69-credit Associate of Applied Science (AAS) degree. This program prepares students to be employed in turf, golf course, sports fields, and grounds management industries. The courses are designed to help individuals manage the operations of turf and golf courses. Areas of focus include turf grass, golf course design and construction, grounds equipment and operation, pest control, grounds management, and client communication.

### Program Learning Outcomes

By completing this program, students will achieve the following learning outcomes:

1. Collaborate effectively with others in situations requiring teamwork, leadership, and negotiations.
2. Integrate sustainable golf course grounds management cultural practices with conventional cultural practices.
3. Apply technical and theoretical skills and knowledge to golf course situations.
4. Anticipate biological issues within field-related situations and conditions.
5. Research, organize, and interpret information from various technical sources.

### Course Prerequisites

Some courses may require appropriate test score or completion of basic math, basic English and/or reading courses with a “C” or better.

### Graduation Requirements

All Anoka Technical College students seeking an Associate in Applied Science (AAS), diploma, or certificate must meet the cumulative grade point average (GPA) of 2.0 or higher.

### Transfer Opportunities

The Golf Course Grounds Management program has articulated partnerships with two-year institutions:

- The University of Minnesota-Crookston campus for a Bachelor of Science (BS) degree in Golf Facilities and Turf Systems Management
- Suny Cobleskill in New York for a Bachelor of Technology degree in Golf Turf Management

To see how credits from this program may transfer into other Anoka Technical College programs or into a program at another college, visit:

- [Anoka Technical College transfer student](AnokaTech.edu)

### Industry Information

With a degree in Turf and Golf Course Management, graduates are employed in the turf and golf course industries as golf course superintendents/assistant superintendents, grounds supervisors/assistant supervisors and turf technicians. This job involves supervising and directing all operations at the golf course. This includes coordinating schedules of tournaments, lessons, golf teams and regular tee-off times. Professionals who manage numerous aspects of a golf course must be financially savvy and have strong record-keeping skills. They use marketing skills to promote specific programs and events held at the golf course.

### Wages/Outlook/Advancement

Wage information is available from the Minnesota Department of Employment and Economic Development.

### Start Dates

- Fall Semester: August
- Spring Semester: January

### MnTC GenRequirements:

Twelve (12) credits of general education credits from the [Minnesota Transfer Curriculum (MnTC)](AnokaTech.edu) are required. MnTC credits must be from three different goal areas and can be completed separate from or together with the technical credit requirements. Note: MnTC credits are not all listed in your program sequence plan. Please see your faculty advisor or enrollment services for help in planning when to complete your MnTC credits.
