

## Searching for Resources

Here is an example where we have searched for drones and privacy across many of our resources. See on the left that we have limited to the last 5 years and to peer-reviewed journals.

## What am I searching here?

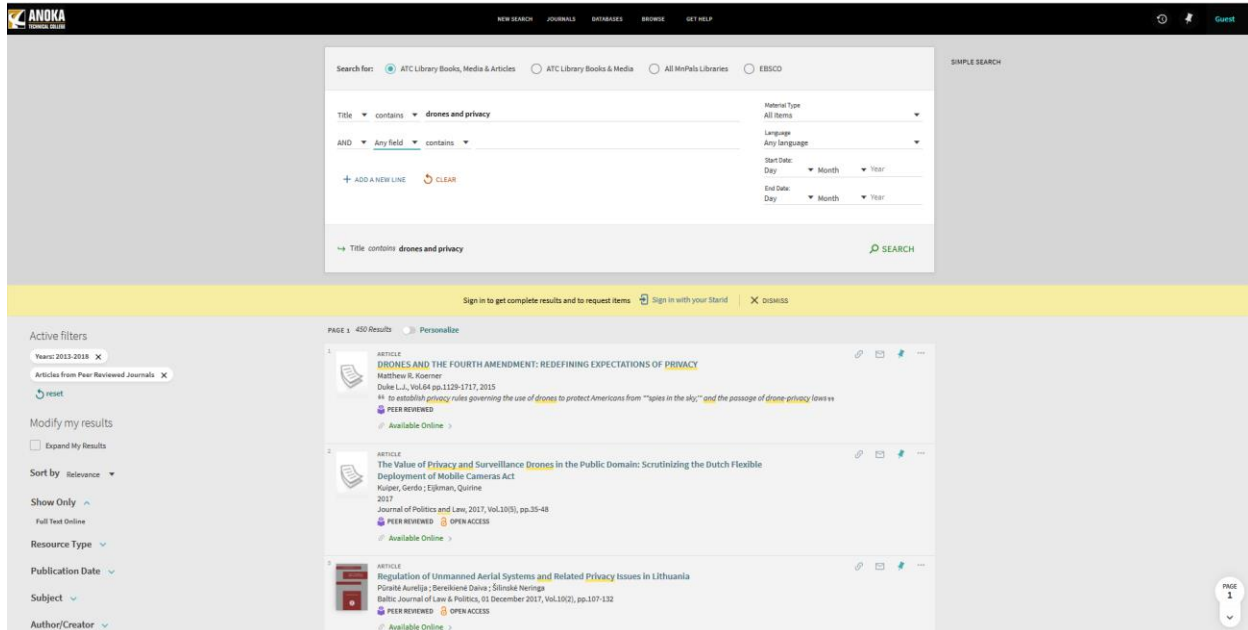

This tool searches in one place for books, articles and videos, both physical and electronic. While this tool includes content from many resources, it does not include all of our available databases. [Check the list of our databases here](#) to find the one you want. Our most-searched resources are:

- [ATC Library Catalog](#)
- [Academic Search Premier](#)
- [CINAHL](#)
- [CQ Researcher](#)
- [Films on Demand](#)

As of 1/24/19, the old library catalog is no longer available. Be sure to choose “ATC Library Books & Media” in the top search bar to search only our library catalog.

## Advanced Searching

There is an advanced search where you can search more specifically - for words in the title for example:

You can search:

- For a phrase: “gastric residual volume”
- For multiple word endings: child\*
- For a single character wildcard: wom?n
