

## Part-time Course Sequence Options for *Mechanical Drafting & Design programs*

Students can choose to complete the Mechanical Drafting & Design programs part-time. Part-time students will take longer to complete their program than students who follow the full-time sequence listed on the official program guides (see: [Mechanical CAD Operator certificate](#), [Mechanical CAD Drafter diploma](#), [Mechanical Drafting & Design AAS degree](#)). Because every course may not be offered each semester, it is important for part-time students to reach out to their faculty advisor for help in planning their long-term, part-time course sequence.

Below, new students can find the first semester part-time course options. After the first semester, work with your faculty advisor to plan future semesters.

**Note:** Course options differ depending on whether you plan to start in the fall or spring semester. The courses are listed in order of importance; for example, diploma and/or AAS degree students wishing to start in the fall semester with just 1 course would take MECH 1216, if they wish to take 2 courses they would take MECH 1216 with MATH 1070/1080, etc.

See the **Developmental Courses** section on page 2 for more important information regarding the math and English requirements for diploma and AAS degree students.

### ***First semester part-time course options for diploma and/or AAS degree students:***

<b>Fall Semester Start Courses</b>	<b>Spring Semester Start Courses</b>
1. MECH 1216	1. MECH 1229
2. MATH 1070 & MATH 1080*	2. MACH 1090
3. MECH 1200	3. MECH 2074
4. MECH 2064	4. ENGL 1107 or 2105
*MATH 1070 & MATH 1080 must be taken together in the same semester	5. MECH 2055

### ***First semester part-time course options for certificate students:***

<b>Fall Semester Start Courses</b>	<b>Spring Semester Start Courses</b>
1. MECH 1216	1. MECH 1229
2. MECH 2064	2. MACH 1090
3. MECH 1200	3. MECH 2074

## ***Developmental Courses***

*MATH 1070 & 1080 Technical Mathematics I & II* require an Arithmetic ACCUPLACER score of 265 (view the detailed course information [HERE](#) for other ways to meet the prerequisite). Students who do not meet any of the prerequisites must first take the developmental course *MATH 0801 Basic Math*.

*ENGL 1107 English Composition* and *ENGL 2105 Business & Technical Writing* require a Reading Comprehension ACCUPLACER score of 250 (view the detailed course information [HERE](#) for other ways to meet the prerequisite). Students who do not meet any of the prerequisites must first take the appropriate developmental Reading and English courses as determined by the [placement chart](#).

### ***Questions? Need help?***

Enrollment services can help with questions related to course registration in general.
