*ATC uses Social Security Numbers, Date of Birth and Gender for student identification purposes on student records. Providing this information is voluntary. If you do not supply this information, your application will still be processed. This data is requested for purposes of administration, program evaluation, and consumer data. Your information may also be used to create summary data about MnSCU programs through data matches with other state agencies.

This form is for individuals not formally admitted to an ATC certificate, diploma or degree program who want to enroll in undergraduate coursework. Students seeking to enroll in an ATC degree, licensure, or certificate program must formally apply through the Admissions office and provide official transcripts from all schools attended.

Financial aid is not available for Visiting Students. If students hold a formally admitted status at another MnSCU institution, they may apply for financial aid through their home school via the MnSCU Consortium Agreement. Students receiving financial aid from a non-MnSCU institution must supply a written consortium agreement from their home school.

Visiting Student status is valid for one term at a time. Students must re-apply each term. Visiting Students are responsible for adhering to ATC deadlines, policies, and procedures published in the ATC student handbook. Once registered for a course, students are responsible for all tuition and fees associated with their registration. Failure to attend class does not constitute a valid drop, withdrawal, or cause for refund. Students enrolling in courses requiring pre-requisites must provide the appropriate documentation (e.g., transcript). Students needing documentation from another MnSCU institution should request a free eTranscript.

To register, drop or withdraw from courses, log into eServices account from ATC website: <http://www.anokatech.edu>
