Associate of Applied Science (AAS) Degree

Technical Credits ..... 45

MnTC General Education Credits..... 15

Total Credits ..... 60

## Program Information

The Anoka Technical College Administrative Office Specialist Associate of Applied Science (AAS) degree is a 60-credit program that prepares students with the broad range of technical and communications skills needed for success in today’s office work environment. Students will gain competence in word processing, spreadsheet, database, and presentation software. Keyboarding speed and accuracy is developed while grammar, punctuation and writing skills are polished. Students study bookkeeping theory and learn general ledger software in order to prepare them for general bookkeeping or accounts receivable or accounts payable positions. Students are well prepared to fulfill any office support position and may advance to office management.

## Program Learning Outcomes

1. Exhibit effective interpersonal skills and professional attitudes by demonstrating the ability to communicate with authority figures and peers; follow work rules and expectations appropriately; maintain confidentiality; and recognize an appropriate business appearance.
2. Demonstrate the ability to express thoughts clearly, concisely, and appropriately in verbal and written format by consistently using correct mechanics, grammar, format, and message approach (direct, indirect).
3. Demonstrate the use of critical thinking skills to analyze and solve business problems by demonstrating the ability to define problems, find relevant information, synthesize and evaluate information, and implement decisions.
4. Demonstrate proficiency in keyboarding speed and accuracy and knowledge of correct document formatting.
5. Demonstrate technical competency by utilizing a wide range of software applications necessary for business office operations; demonstrates initiative in learning to use new technology, and applies new technology accurately in office settings.
6. Demonstrate knowledge of roles and functions of various professionals; collaborate and problem-solve as part of the office team.
7. Demonstrate ability to set priorities, organize work, and sequence tasks appropriately, and consistently complete projects on a schedule.
8. Demonstrate the ability to perform mathematical calculations necessary in business applications including accounting, by working with percentages; decimals and fractions; understanding accounting principles as they are applied to business office bookkeeping; and using formulas for creating spreadsheets and databases.
9. Develop and evaluate customer service skills by ascertaining the characteristics of a customer service organization and using customer service skills in servicing customers professionally.
10. The Administrative Office Specialist AAS degree includes all technical courses along with 15 Minnesota Transfer Curriculum general education credits to help provide a well-rounded education. The completion of a degree shows commitment and dedication and can be advantageous for students seeking jobs beyond entry level or with employers who require a degree.

## Career Opportunities

Administrative office specialists perform a full range of office responsibilities. They collaborate with administrators and other support personnel to ensure efficiency and accuracy in all office tasks. This includes employing a variety of software packages which may include word processing, database, presentation, desktop publishing, electronic calendaring and meeting, and bookkeeping software.

Other types of responsibilities include executing mail procedures, preparing communications, such as emails, invoices, reports, and other correspondence, maintain filing systems, both electronic and physical, managing accounts and performing bookkeeping duties. In some offices, administrative office specialists may be responsible for one or two of these areas. In a small office, they may be responsible for all of them.
