Student/Applicant:

I have read and understand the current Practical Nursing Program Policies and Procedures. I understand that acceptance into the Practical Nursing program is contingent on availability of space. I understand that submission of the Re-admission Request and Learning Plan Form and additional documentation does not guarantee readmission to the Practical Nursing Program.

I understand that, if I am re-admitted to the PN program, the current program plan will be followed, and I must meet the current prerequisites, clinical requirements, and academic requirements. I understand that all NURS courses, including those in which a passing grade was previously earned, are re-taken as part of the re-admission process. I understand that readmission is a one-time opportunity.

Further, I understand that re-admission has impacts on Anoka Technical College's Satisfactory Academic Progress policy as well as financial aid implications. If pursuing readmission, it is my responsibility to evaluate and address these potential consequences.
